

**STABLE OWNERS:**

*Paul Wojciechowski and Jill Hurd*

The finest horses are owned and managed by husband and wife team Paul Wojciechowski and Jill Hurd. Jill, of Danish descent, born and raised on St. Croix, has been riding the hills for years. She can tell you about the history of the island; the flora, fauna, and a host of facts about St. Croix to highlight your vacation. We have several dogs that bark at arriving cars but then beg for petting. Wait until they settle down.

**ON THE NATURE TOUR SEE:  
Beach, Rain Forest, Historic Ruins, & Orchard**

For over 30 years Jill has been hosting tourists on tours, loves her horses and is proud to show you her beautiful island.

*Toddlers can ride in front of a slim parent on specified family rides.*

*Riders get to bond with their horse before mounting with a small treat of sweet feed to give confidence.*

# Paul & Jill's

**A PROFESSIONAL STABLE  
WITH CASUAL STYLE:**

Accommodating the novice as well as the experienced horse rider on suitable horses matched to their height, weight and experience. Most of our horses automatically follow the lead horse since many riders lack the confidence to give proper signals.

On major holidays and Easter week we cannot go to the beach due to crowds, instead we go into the heart of the forest.

- ❖ Group or individual photos at the best scenic locations
- ❖ Educational and fun for the whole family
- ❖ Excellent horses for kids to experts
- ❖ No experience necessary—automatic horses follow the leader
- ❖ Riding helmets available upon request
- ❖ Reining, trotting, and cantering lessons are included for the beginner as we ride. Most rides are walk/trot.

**Fulfill your fantasy of riding along the beach!**

**RIDES** Winter: 10:30 AM and 3:00 PM  
**SCHEDULED:** Off Season/Summer: 4:00 PM  
**(340) 772-2880**

**Payment in CASH or Travelers Checks— No Credit Cards**

To expedite your reservation, leave all information on our answering machine. We must confirm. Reservations suggested at least one day in advance. We have a height/weight limit.
